The purpose of mid-semester examinations is to prepare the students for University examinations in terms of structure/pattern of Question paper and time management during the written examination. It is generally conducted in the mid of the semester (after half the session is over) and includes approximately 60-70% of the total syllabus of the course.

## **Semester and ( University ) Examinations**

These examinations are conducted by the University at the end of semester. It includes the examination of all the subjects which may be in the form of written examination conducting evaluation.
